Attend Green Building Seminar

If you want to learn more about the emerging green building industry and how it could affect your bottom line then make plans now to attend NAIOP-MD's seminar, **Building Green for Sustainable High Performance Real Estate**, on May 4.

**Building Green
for Sustainable
High Performance
Real Estate**

Featuring a panel of experts, this program will touch on Green Building topics affecting developers, brokers, bankers, appraisers, owners, investors, tenants, architects, engineers, attorneys, and government officials. A full list of topics and presenters, as well as registration information, is available online at <http://www.naiopmd.org/2006greenbuilding.htm>.

Ready to Swing Into Action? 2006 Golf Outing Set for May 8

The 13th Annual NAIOP Golf Outing has been scheduled for Monday, May 8, 2006. To say thank you to our members, we are opening the event only to this limited group. Only members may purchase a spot in the outing. Each foursome needs two NAIOP individual members in order to play. Of course, two guests are welcome within a foursome.

As with past years, all proceeds from the Outing will be used to support NAIOP's legislative programs in Annapolis. With the constant threat of restrictive development legislation, NAIOP's legislative efforts in Annapolis should be a priority to all of us who rely on the development industry for our livelihood.

For further information please access <http://www.naiopmd.org/2006golfouting.htm>.

Featuring live performances by NAIOP-MD members, **2006 NAIOP-MD On Stage** was a huge hit. A review of the night, including a slideshow of photos is available online at <http://www.naiopmd.org/2006onstagerecap.htm>.
